- Utilities
- Vehicle insurance
- Newspaper and magazine subscriptions
- Internet service providers
- Cable providers
- Security services

For your convenience, MasterCard® has posted a **comprehensive list of merchants** that accept their cards as a form of Automatic Bill Payment.

Payments may be made **monthly, weekly or quarterly**, depending on what you and the merchant or service provider agree upon. The pre-authorized amount can be a fixed dollar amount, or it can fluctuate like your phone bill, depending on the terms of the agreement.

Charges will appear on your monthly business card statement, so it's an **easy and efficient** way to keep track of your expenses. You can stop automatic payments at any time or use this payment method indefinitely.
